

# Ssoft's Shop By Brands Extension for PrestaShop

## User Guide

This extension doesn't require core modifications.

### List of features:

- Automatically fills out the list of Brands;
- Creates a new block with links to random brands;
- Creates a list of all Brands in alphabetical order;
- Specifies the number of products listed under each brand in the Brands list;
- Has an option of listing only the brands with products;
- Allows to insert a brand logo on a product page and links from product pages to associated brand pages;
- Allows for setting the sort order for products on the brand page.

### How to install the module:

Unzip shop-by-brands.zip. After that, upload the "shopbybrand" folder from the module package to your PrestaShop "modules" folder. To install the Extension go to Modules => Search & Filter tab in admin area and click "Install" button.

You can configure this module at "Modules – Search & Filter - Shop By Brands - Configure.
